November 2016

Houston, TX: VirtualTone, LLC, a local telecommunication solution provider, proudly announces its partnership, along with CloudSpaceUSA (<http://www.cloudspaceusa.com>), with Houston Children’s Charity (<http://houstonchildrenscharity.org/>) for the organization’s 20th Annual Gala Event at the Hyatt Regency Houston Downtown, November 5, 2016. Virtual Tone President Janet Gubert said, “We have always taken pride in being a family owned business and active in the community. We are proud to donate our phone system services to the 2016 Annual Gala.

Houston Children’s Charity serves children who are abused, underprivileged, disabled, or left behind. The organization funds many programs funded, which are life changing for the children they serve, as well as their families. Some of their services that improve the quality of life for children are:

- Limbs for Life, which provides prosthetic devices free of charge to children who need them;
- A Better Night’s Sleep, which provides children with mattresses, bed frames and bedding;
- HCC Closet, a place where families can shop at no cost and with dignity in a boutique style location;
- Chariots for Children, which provides specially designed vehicles to make getting around easier for families with a special needs child.

VirtualTone Vice President Jay Gubert explained the company is donating additional phone services to ensure the Charity’s communication system has the capacity to handle the

anticipated extra volume of calls generated by the Gala Event. To learn more about this amazing Houston charity, visit <http://houstonchildrenscharity.org>
